**RAKED PANEL**  
sizes range from  
800-2000mm x  
from 1270 to 1770

Frameless glass fencing is a popular option because of its unique aesthetic appeal.

With the clear view of the pool, the backyard feels much more open and spacious, adding a sense of luxury.

## MADE FOR AUSTRALIAN CONDITIONS

All our glass panels are 12mm thick toughened glass and are compliant to Australian Standards AS2208, child proof safe and we provide certification after installation

# GLASS COATING

## THE WORLD'S LEADING GLASS TREATMENT

Applied in-house prior to installation by our certified applicator, Premium Touch Coatings.

The coating is suitable for glass pool fencing and stainless steel accessories.

### OPTIMUM PROTECTION

Revolutionary invisible treatment that is UV stable, water and oil repellant, and chemical resistant.

### WARRANTY

Professional application provides 10 year warranty.

### REDUCES MAINTENANCE

Permanently bonds to glass and reduces the frequency between cleans.
